

SIDHARATH

Python & MERN Developer

Chandigarh, Punjab | 9872794832 | sid.ghai470@gmail.com | GitHub - github.com/Sidharath | Portfolio - [Sidharath](#)

Full-Stack Developer skilled in MERN applications and Python-based automation, scraping, and API-driven tools. Combines strong problem-solving skills with design-focused thinking to build clean, responsive, and scalable applications.

TECHNICAL SKILLS

- **Core Languages:** Python, JavaScript (ES6+)
- **Python:** Web Scraping, Automation, APIs, BeautifulSoup, Requests, Flask, Tkinter, Pillow.
- **Frontend:** HTML5, CSS3, React.js, Bootstrap
- **Backend:** Node.js, Express.js, PHP, REST APIs.
- **Databases:** MongoDB, MySQL / SQL
- **Tools:** VS Code, Vercel, Git, GitHub.

PROJECTS & EXPERIENCE

- Uce - Chatbot** | *Python, Flask, REST APIs* 2025
 - Built a personality-driven Chatbot with shared core logic across **CLI and Web (Flask + HTML/CSS/JS)**
 - Designed **custom system prompts** to control assistant personality and behavior, deployed on **Vercel**.
- Jot Box - Notes Web App** | *MERN Stack* 2025
 - Built a full-stack notes management application.
 - Implemented **CRUD** functionality with **MongoDB** for persistent data storage.
- Kame Kitchen – Recipe Website** | *Full-Stack* 2025
 - Developed a fully responsive recipe platform with dynamic content rendering, deployed on **Vercel**.
 - Implemented backend logic using **PHP** and **SQL** for data handling and retrieval.
- TwinPics – Image Duplicate Finder** | *Python, Tkinter, Pillow* 2025
 - Built a desktop tool to detect and manage duplicate images using smart hash-based comparisons.
 - Added preview, batch deletion, and quality-based selection; distributed as a standalone Windows **.exe** via GitHub.

HIGHEST EDUCATION

Bachelor in Computer Applications 2021 – 2024
Post Graduate Government College, Sector-46 | Panjab University

CERTIFICATIONS & COURSES

Artificial Intelligence & ML Internship — *YBI Foundation (Virtual)* September - October 2024
Built a movie recommendation model → hands-on Python/Pandas experience.

Python Programming Certificate — *Reliance Foundation* July - September 2024
Covered core Python + real-world scripting (basis for Web Scraper).

KEY STRENGTHS

- **Practical Problem Solver:** Focuses on clean logic, maintainable code, and real-world usability.
- **Creative Background:** Experience in video editing enhances UI/UX sensibility and execution speed.
